# Kaim Arvas

## Full Stack Developer | Software Engineer

I am an aspiring full-stack developer driven to acquire new skills and thrive through challenging opportunities. I have actively cultivated my skills in the field and undertaken numerous projects professionally. My current focus is on enhancing proficiency in front-end and back-end development, while deepening my understanding of computer science.

## SKILLS

**Front End:** Javascript, React.js, Hooks, Context API, Redux, Axios, Yup, Jest, Cypress, HTML, CSS, Tailwind Css,

**Back End:** Java, OOP, Data Structures, Design Patterns, Maven, Spring Core, Spring Boot, Spring Data JPA, Spring Security, SQL, PostgreSQL, JUnit, Mockito, Git, .Net

**Additional:** Algorithms, Debugging, Deployment, Problem Solving, Figma, Teamwork

## SOFTWARE PROJECTS

Ecommerce, React | Redux | Axios | Javascript | Tailwind CSS | HTML  
[GitHub](#) | [Website](#)

- Custom Tailwind CSS elements tailored for the project ensure a visually cohesive and appealing interface, elevating user engagement.
- Responsive design principles implemented with Tailwind CSS ensure seamless adaptation across various devices, enhancing accessibility and user satisfaction.
- Redux facilitates efficient state management, ensuring smooth communication between components and seamless user interactions throughout the e-commerce platform.
- Leveraging React's declarative approach and Axios for data fetching enhances user interaction, providing dynamic and engaging experiences for users across the platform.

Food Ordering Website, React | Javascript | Tailwind CSS | HTML [GitHub](#) | [Website](#)

- Created custom design elements for the project using Tailwind CSS, enhancing the user experience and ensuring responsive design across various pages.
- Utilized React and JavaScript to implement various features for the project, focusing on enhancing user interaction and ensuring smooth functionality across different components.

## EXPERIENCE

Aselsis, Denizli, On Site- Frontend Developer  
Present

2024 -

- **Collaborated** in a team to troubleshoot issues and explore various web design options and best practices.
